

2021 PNS ANNUAL MEETING

Virtually Anywhere.

12-13 JUNE / 25-27 JUNE 2021

A letter from the President

Dear Colleagues,

Protecting the health, safety, and well-being of our members, meeting delegates, and ultimately our patients remains our primary concern. The severity and ongoing effects of the pandemic continues to affect the lives of millions around the world. Given this situation, the PNS Board has decided that it is unrealistic to meet in-person in Copenhagen for our 2021 Annual Meeting.

As a result, we reluctantly have decided to go virtual again, hosting the **2021 PNS Annual Meeting – Virtually Anywhere** over two weekends in June.

Dates: 12 – 13 and 25 – 27 June 2021.

This year's meeting will build upon the success of last year's PNS conference. A difference is that we will host the full meeting program via a robust virtual event platform, that may be streamed from the comfort of your home. We hope to provide you with a virtual experience which comes as close as possible to the real thing. All registered participants will have access to the new virtual event platform prior to the start of the meeting, to maximize engagement.

We will incorporate all the features of our in-person meetings including invited plenary talks, the education course, special interest group programming, platform and oral poster presentations, guided poster hall tours, and more.

Connect with your friends and grow your professional network through video chat, direct messaging, and scheduled PNS networking events. The PNS will utilize the best technology to provide you with a new, engaging, and flexible virtual experience. Should time zone restrictions prevent attendance, please note that all educational content will be recorded and available On-Demand.

Reduced meeting registration fees will be available, with registration launching in mid-March. **The PNS will continue to provide free registration for all PNS Junior Member abstract presenters.** World Bank registration discounts will be available to those joining us from low- and middle-income economies.

Please [click here](#) for the latest meeting updates and detailed information.

The 5 February abstract submission deadline is quickly approaching. We encourage you to submit an abstract for the meeting by clicking [here](#).

On behalf of the entire PNS Board and the Scientific Program Committee Co-Chairs: Drs. Charlotte Sumner and Luis Querol we look forward to welcoming you to the 2021 PNS Annual Meeting – Virtually Anywhere!

Sincerely,

Pieter van Doorn, MD, PhD
President, Peripheral Nerve Society
